RANCH FOREMAN IS SHOT; EMPLOYEE INJURED

Altercation Saturday Morning Results in Death of Charles Sibley.

Las Cruces, N. M., May 7.—Charles Sibley is dead and Santos Lopez is shot through the arm as a result of an altercation between the two men at the Hilldale ranch, 12 miles north of Las Cruces Saturday. Lopez was brought to this place in a buggy and was met by sheriff Filippi Lucero who went out in that direction.

Sibley, who was 35 years of age, married and has five children, was foreman of the ranch, which comprises 800 acres. It is owned by Dr. C. L. Hill, who resides on the place. Lopez was employed on the ranch. Details of the shooting are lacking.

The stag dinner, which Dr. Hill was to have given at the ranch at 12 o'clock today, was called off following the

shooting. A number of guests had been invited out from Las Cruces.

When Lopez was brought to town, he was bleeding badly and was very weak from loss of blood. He had been shot in the left arm by a 30-30 soft-nose bullet. The doctors gave him attention and said he might live, but they have little hope of saving him.

This afternoon Dr. R. E. McBride, sheriff Felipe Lucero and district attorney W. H. H. Lewellyn left for the scene of the tragedy to view the remains of Sibley and get what evidence they can bearing on the tragedy.

It is understood that the trouble arose over an irrigation ditch.

BALLINGER IS GIVEN THE LIE

Witness Interrupts Committee to Say He Does Not Believe Secretary.

Washington, D. C., May 7.—The cross-examination of secretary Ballinger was proceeding with momentary renewals of bitter clashes of yesterday before the Ballinger-Pinchot committee today when there developed the most spectacular incident of the hearing. Morace T. Jones, special agent of the land office, who testified some time ago in support of Glavis, arose in his place among the spectators and announced in a loud voice that he did not believe the statement made by secretary Ballinger to be true and he desired that a witness be called to substantiate or deny what Mr. Ballinger had said.

When the commotion had subsided, senator Root demanded that the witness be admonished that a repetition of his outburst would subject him to punishment for contempt.

Ballinger said E. W. Dixon, special agent, said something derogatory to Jones in 1907. Jones jumped to feet and shouted: "I want Dixon to testify before this committee. I don't believe he said anything of the kind about me."

During one clash between attorney Brandeis and secretary Ballinger, chairman Nelson interrupted with: "It might help the senators to understand that the counsel is trying this case for the other table, the press table, and not this one."
